Welcome to Cole Scego Design. I design and produce furniture/fixtures in a style brought forth by the orchestra of my mental faculty. Viewing my work may produce an eyegasm. Owning my work may drive a plethora of conscious, beautiful people to your front door. They will propel themselves toward you, they will demand a view of this work, a hug, a kiss, whatever you wish, for you are the king of kings, the queen of queens.

# Welcome To Animal Health & Healing

Animal Health & Healing is a full service integrative veterinary practice blending holistic and conventional medicine and surgery to optimize the health of our patients.

A holistic approach looks at the entire life of the patient. This includes not only current symptoms of illness, but also environment, diet, lifestyle, previous medical problems, behavioral problems, and other stressors. The approach of holistic medicine is to heal the whole pet physically and emotionally. This differs from conventional western medicine which concentrates on suppressing symptoms of illness.

The holistic approach understands the body's capability to heal itself. This occurs by rebalancing the life force within each patient. In western medicine the life force is the immune system. In homeopathy, it is referred to as the vital force while in Traditional Chinese Medicine it is called chi. Regardless of terminology, this healing energy can be released by various holistic modalities. When used by highly trained veterinarians these modalities are very useful in treating both acute and chronic disease. These therapies are effective and free of harmful side effects.

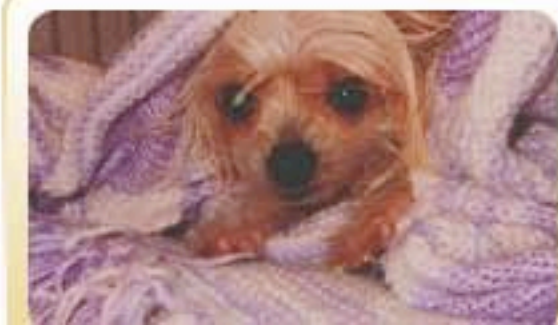

Patience and time are crucial once holistic treatment is started. This type of healing can take several weeks or even months with some forms of chronic disease. Examples of chronic disease that can be helped by this approach include cancer, kidney disease, heart disease, skin allergies, and arthritis. In today's fast-paced world this type of healing can seem like a long, slow journey. In our view, it is a path well worth following. We hope you will embark on this journey with us. We truly believe following this path will give your beloved pet the best chance to heal.

# the **art** around you

[home](#) [gallery](#) [contact](#)

Art is everywhere.

Most of us are too busy or too right-brained to see the little or sometimes big vignettes that we pass each day.

I see things differently.

Stay with me and you'll see what I mean.

The Art Around You. It's Everywhere.

#### Step 4) Choose Fulfillment Method:

- Individual
- Bulk
- Rapid
- Immediate

#### ***iCARD offers a variety of Card fulfillment options that meet demanding requirements.***

##### **Individual**

Save the hassle and expense of Card inventory management and fulfillment by letting iCARD deliver direct to your recipient.

It is estimated that Card inventory management can cost a company more than \$15 per Card. This figure includes gas and/or postage, time to order and obtain Cards from retail locations, cost of funds tied-up in prepaid Card inventory, warehousing cost, and staff to manage inventory and fulfillment. Additional costs can include printed materials, packaging, special handling, and insured shipping which drive internal company Card costs upward even further.

With individual fulfillment from iCARD, there is no need for extra printed materials or costly inserts, because each Card is individually embossed with the recipient's name and includes a personalized letter. When the recipient receives the Card in the mail, they know who it is from and why they are receiving it. Additionally, because Cards require activation, there is no need for costly shipping options—you pay only a nominal fee to cover first-class postage. Moreover, you don't have to worry about Cards being lost in the mail. As a matter-of-fact, iCARD guarantees delivery to your intended recipient, or we will replace the Card FREE.

Cards prepared for individual fulfillment are mailed within 4 - 6 business days from the time good funds are received. Please allow additional 3 - 5 business days for first-class USPS delivery.

##### **Bulk**

When you choose bulk fulfillment your order is packaged for delivery via FedEx. Cards are embossed with your company name and each is individually affixed to a personalized letter which contains the "ship to" address. Each Card and letter is placed into a sealed double window envelope. The envelopes are bundled
